10. The person responsible for contractual matters during the contract will be represented by  
*name of study responsible contact person (Tel/fax/email)*

Kind regards (*Date and Signature*)

***INSERT TECHNICAL PROPOSAL HERE***

**1. ABSTRACT**

*Briefly summarise (max. 250 words) of the technical and scientific contents of the proposal, and a list of keywords.*

**2. TECHNICAL AND SCIENTIFIC CONTENTS**

*This section should be the bulk of the proposal. It should include the scientific rationale, study objectives, description of intended research work, and discussion on what results can be expected, in the opinion of the proposers. This section should demonstrate understanding of the topic and include identification of the particular problems that will need to be addressed. It should not exceed 15 pages in length, including diagrams and figures.*

### 3. TRAVEL AND SUBSISTENCE EXPENSES

*The breakdown of the approximate expected travel expenses per person and trip to ESTEC - including air or train fare(s), accommodation and subsistence- and the total required amount should be provided in this last section of the proposal. The allowance will be limited to a maximum of 1000 EUR per study team member and study meeting. In the case of multi-university teams, the travel budget may include travel to the KO meeting for representatives from sub-contractor universities, as long as the total travel budget does not exceed 2000 € per meeting. All costs shall be expressed in EURO.*
